CURRENT WORK:

Sustainable Futures, LLC

Owner

Small business focusing on the responsible stewardship of the natural environment. Consultant to homeowners, investors, and contractors in facilitating the permitting process of commercial and residential projects on Lake Keowee in Upstate South Carolina.

CORE OPERATING PRINCIPLES:

- * Holistic, integrated practice of development, environmental, and economic concerns
- * Fostering collaborative relationships and partnerships
- * Commitment to the protection of natural resources and habitats for present and future generations

KEY ORGANIZATIONAL STRENGTHS:

Capacity Building; Strategic Planning; Program Design and Delivery Systems; Resource Development; Staff Development and Training

QUALIFIED BY:

- * Twenty seven years' experience in designing and implementing successful community development programs
- * Unique combination of expertise in both urban and rural settings, with demonstrated capacity to work in both local and regional levels
- * Operation of regional and state-wide technical assistance and training programs which benefit low income people and communities
- * Highly skilled in working with people from diverse cultural, social, ethnic and religious backgrounds
- * Significant experience in developing resources for the operations of programs and projects

EXPERIENCE:

Douglas Cherokee Economic Authority, Morristown, Tennessee
Director, Technical Assistance and Training Program

Responsible leadership of multi-state technical assistance and training program under a direct grant from HUD. Provided strategic direction and ongoing counsel to clients (cities, counties, and state public agencies and nonprofits) engaged in community development initiatives. Responsible for the design and delivery of training modules and state-wide and multi-state conference planning. Wrote successful grants to target additional support and grant-making for distressed counties in the Appalachian region of East Tennessee.

Inner City Community Development, Knoxville, Tennessee
Executive Director, Affordable Housing Division

Developed homeownership opportunities for low income residents of inner city Knoxville. Wrote successful proposals to fully finance the operations, projects, and development financing. Determined project feasibility, acquired land, and assembled the development team. Designed affirmative marketing strategy, conducted certified homeownership training for limited resource buyers.

Innovative project utilizing modular homes won the Metropolitan Planning Commission's 1997 Award for Best Neighborhood Development.

East Tennessee Community Design Center, Knoxville, Tennessee

Associate Coordinator

Managed the rural economic development and training program for the agency, serving 20 counties in East Tennessee. Designed a peer-to-peer approach to technical assistance and brokered technical resources as requested by the agencies and their communities. Managed all grants for the project, including federal and foundation grants. Created written documentation on fund design and management practices for a rural micro lending program.

- * Facilitated 5 Year Strategic Planning process for the agency
- * Developed new training program for the rural initiative
- * Served as technical assistance provider for the Ford Foundation's Rural Poverty Initiative funded through the East Tennessee Foundation

People's Reinvestment and Development Effort, Chicago, Illinois

Progressive positions, culminating in promotion to Executive Director

Chief person in charge of all program and financial administration of major nonprofit housing development corporation. Was owner/developer/manager of 17 multi-unit apartment buildings, comprising over 500 units of housing. Prepared annual business plans, cash flows, and budgets for Board approval and managed in-house staff and resources effectively for successful implementation for all programs.

Managed all real estate development activities to maximize both nonprofit resources and neighborhood development impact. Executed all development activities in a cost effective and timely fashion, including partnerships, debt financing, and external development team. Negotiated all contracts and partnership agreements.

Participated in a city wide energy savers initiative involving retrofitting existing multi-family buildings with conservation measures. Formed a wholly-owned construction company as subsidiary of the nonprofit to provide job training for local residents. Initiated training program to empower and develop leadership among tenants with limited financial resources. Final project as Executive Director won the Chicago Council on Urban Affairs Neighborhood Award.

EDUCATION:

Masters course work completed in linguistics and cross-cultural work from Lincoln Christian Seminary. Heavy emphasis on research, as well as public presentations and written communication skills.

Bachelor of Arts, Summa cum Laude, Lincoln Christian College, Church Growth and World Missions.
